SEMBAWANG SMRT BUS & TRAIN SERVICES GUIDE

This guide tells you all you need to know about SMRT bus services in the Sembawang area. Simplified maps provide route details of all trunk bus services and show interchanges with other bus services, as well as MRT services, to make planning your journeys easier.

The main map shows trunk services originating from Sembawang Interchange, as well as those services passing through the town, but which do not call at the Interchange. Connections with MRT stations are shown, as are common points between services. Major points served are shown, and a Destination Finder is placed alongside the map to assist you in your journey planning. There is also a table of first and last bus times, and approximate frequencies throughout the day. A copy of this guide is also available on the SMRT website www.smrt.com.sg/buses.html. The electronic guide will be updated as and when there are service amendments. We hope you will find this guide a useful reference point, to enable you to make greater use of the public transport network.

For service information,
please call TransitLink Hotline at
1800 2255 663

(8am to 6pm daily, except public holidays)

For enquiries/feedback,
